## Do You Have All the Tools to Attract and Retain the Best Talent?

Dear Sir,

One of the ways to attract and retain the best talent is to offer your employees a strong benefits package. One that provides the employee with the option to supplement their health coverage. A benefits package with an option to purchase peace of mind in the event of an illness or an accident so their lifestyle won't be financially affected, AFLAC provides just that — an extra measure of financial protection. AFLAC, the #1 supplemental insurance company, serves as a complement to your overall benefit plan at **no cost to the employer**.

I am honored to count as one of my clients the **City of Doral**. I have been their AFLAC representative for the past 12 years; advising and taking care of the supplemental insurance needs of their employees. I would like to share with you how you too can give your employees the best options and tools to help them manage the ever-increasing costs related to healthcare.

We can set a date and time for me to visit your office and to share with you the many benefits AFLAC has to offer. The sooner we meet, the sooner your employees will be on their way to safeguarding their future. And as I said earlier, at no cost to your company.

Let your employees know that you care.

Best regards,

*Ana Bessy Hedman*  
AFLAC Independent Agent
